CLASSROOM ONLY

You provide the training facility equipped with white board/markers and the capacity to comfortably seat at a table the number of employees selected to attend the course. We will provide all the course materials and instructors (or you may provide your own state approved instructors)

ONLINE ONLY

You may have your employees study online for their Certificate of Completion. Volume discounts are available

ONLINE & CLASSROOM

A combination of Online courses with an optional One-Day or Half-Day Review Class to target difficult material and weak topics. Class Topics are customized based upon an analysis of Chapter Quizzes, Practice Exams, Simulated Exams and an XAM-NETTM analysis of all currently enrolled employees

Any Online option grants members of your Management Team access to our LMS: Learning Management System where your managers may track the progress of your enrolled employees

Your Managers (what our LMS calls Mentors) are issued a unique ID and Password and have full access to all employee information and reports. That information may be sorted; searched; printed; or exported to Excel or another program for producing independent analysis and reports

MONITORED FINAL EXAM OPTIONS

If you have a computer lab with internet access we can offer you a cost-effective Group Option for the state required Monitored Final Exams. You may also choose to have your Branch Offices approved as a Corporate Monitor for inhouse Exam Monitoring.

GLOBAL EDUCATION provides you with Highly Efficient means to take control of your Employee Licensing Preparation:

- Minimize Employee Down-Time
- Maximize Cost-Benefit Ratios
- Maximize Passing Ratios
