

I urge you to join and support the Patrick Henry Caucus and to enact further State Legislation that reasserts our States' sovereignty and rights granted by Charter and Constitution and to reaffirm powers granted by the 10th amendment of the US Constitution.

As a citizen of this State I demand our state legislature and Governor exempt this State and all its residents from all federal legislation (past, present and future) that has usurped powers beyond those delegated to it by the US Constitution and regain our liberty maliciously usurped by a tyrannical federal government who would subordinate this State to itself.

THE PATRICK HENRY CAUCUS PLATFORM

"Is life so dear or peace so sweet as to be purchased at the price of chains and slavery? Forbid it, Almighty God! I know not what course others may take, but as for me, give me liberty, or give me death!" - Patrick Henry

Purpose

We, the Patrick Henry Caucus, unite to sustain the Declaration of Independence and the Constitution of the United States. We pledge to support and uphold the principles embodied therein. Whereas the federal government has usurped powers beyond those delegated to it by the Constitution, we reclaim the constitutionally protected rights of the States, and reject the position that States' sovereignty must be subordinate to the federal government.

Goal

To restore and uphold the sovereignty and rights of the individual States as guaranteed by the tenth amendment of the United States Constitution, which states, **"The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people."**

Sincerely,
